LESSON IN TUMBLING – Tots enrolled in the Cooperative Pre-School at the Free Church had a lesson in tumbling Tuesday, with Gaspar Jako furnishing the instruction. The non-academic subject became part of the "curriculum" after the youngsters were observed working out their excess good spirits in tumbling and wrestling during the day. Employees Hold Line On Request For Raise

The Town Employees' Association has voted unanimously to hold the line in their request for a six percent wage increase.

At a meeting Tuesday night, Raymond LaRosa, chairman of the Wage Committee, reported that conferences with Town Manager Thomas E. Duff have been continuing, in attempts to reach some agreement on the pay boost.

And he noted that a recent legal opinion from the town counsel states that the manager has authority to set salaries and wages – not town meeting.

The Association agreed to hire legal counsel to seek a court

November Club To Hear Doctor

Members of the November Club will hear Dr. Peter D. Comanduras speak on "Medicine – Weapon of Freedom", at the Locke st. Clubhouse, Feb. 1, at 3 p.m. Tea will be served at 2:30.

An unceasing war against disease around the world is being waged under the direction of MEDICO (Medical International Cooperation), a new division of the International Rescue Commission, which was formed early in 1958.

MEDICO's objective is to send teams of physicians and medically trained assistants into the underdeveloped areas of the world, where they build, equip, and staff medical clinics and small hospitals.

Shortly after he became secretary-general of MEDICO, Dr. Comanduras embarked on a four-month, 20-nation tour of developing African and Asian nations. If the

Michel Seeking Selectman Job

Hearing Planned On Bridge Site

A plan – that has informal approval from the Army already – has been advanced for the construction of a Bailey Bridge across the Shawsheen River from the Raytheon parking lot to Kenilworth st.

This would allow much of the traffic that normally heads north when it gets into Shawsheen Square to use the bridge, and cut down the tremendous tieup that occurs in the Haverhill st. area.

The company, through its spokesman Benjamin Chase, said this solution is only temporary, because the firm hopes that legislation will be enacted for the construction of an access road through the Den Rock area, out to Route 114 and eventually to Route 110.

In the interval, however, engineers at the local plant believe much of the congestion that develops daily in the Village can be averted if the bridge is placed at the rear of the parking area, so cars can leave directly to Kenilworth st. and onto Union st.

Mr. Chase suggested that the only municipal action required is to grant easements to the company for the town-owned land on

Red Cross Needs Drivers

The Red Cross is badly in need of volunteers to drive the Red Cross station wagon, collecting and delivering blood, taking patients to clinics and hospitals in Lawrence and Boston, and making the countless trips that help people who are temporarily in trouble.

Because of several resignations of members who have moved out of town, or whose personal obligations have increased, the motor corps is now reduced to three. Mrs. Leon Field, the chairman, would like a long list of drivers whom she could call upon at unspecified intervals for help. Except for transporting the blind to their meetings every other week in the spring and fall, the demands on the motor corps are unscheduled, and vary from three to seven times a week.

Mrs. Field suggests that anyone who is interested should call the Red Cross headquarters on Punchard ave. and arrangementd can be made with each driver to fit the individual schedules.

Harvard Band To Present Concert

Two important events during the month of February are being anticipated by all members of the Children's Theater Workshop.

Next week, Feb. 3, at the Memorial Hall Library members will assemble at 3:30 for a business meeting and rally. At this time, the announcement of the spring play, "Sleeping Beauty", will be made and nominations and elections of three students to serve on future play reading committees will be held. The production chairmen and one student from each group that includes make-up, costumes, scenery, hand props, stage props, box office and stage crew, will give short talks on their participation thus far this year, explaining the nature of their job and what the future plans and activities will be within each group. Tryout dates for the play will be announced and all members will be urged to sign up for one phase or another of theater activity.

The second and very exciting event of the month is a Sunday afternoon family concert to be presented under the co-sponsorship of the Children's Theater Workshop and the North Andover-Andover Parents League by the Harvard University Band. This unusual family concert, with its running commentary and special youth appeal, will be held Feb. 14 at 3 o'clock in the Andover Junior High Auditorium. Tickets are now on sale throughout the community.

Civil Service Is Meeting Topic

The League of Women Voters discussion meetings, Feb. 2 and 4, will be concerned with the Massachusetts Civil Service system.

Among the problems to be aired are veterans preference, overlapping of responsibilities in the five different departments and commissions of the state concerned with Civil Service and regulations for getting a civil service job. Anyone interested in the cost and effectiveness of this big branch of state government may express an opinion at these meetings, to be held by the League of Women Voters as follows: Tuesday, Feb. 2, 9:45 a.m., Cooley House, Phillips Academy; Tuesday, Feb. 2, 7:45 p.m., Mrs. P. B. Weld, Day Hall, Phillips Academy; Thursday, Feb. 4, 9:45 a.m., Mrs. Edward Sabbagh, 63 Luceme dr.; Thursday, Feb. 4, 7:45 p.m., Mrs. Warren Dyke, 81 Salem st.

Wide Area Covered In School Legislation

Considerable interest has been demonstrated in the latest attempt to legislate a decrease in the powers of school committees.

The School Committee has voted to register its opposition to the measure, feeling that it is an infringement on powers that have wisely been separated from "politics" that might be involved in the community.

At a recent Selectmen's meeting, members agreed that the Board should take no stand as a body, but that members are free to express their individual opinions. The legislation this year is sponsored by the Massachusetts Selectmen's Association.

In its basic form, the proposed Legislation seeks to limit the powers of school committees by increasing the powers of city councils or town meetings over appropriations, and by striking out the 25 percent penalty clause provided in existing statutes. This clause allows the courts to penalize the town 25 percent of the amount the town deducts from a school committee budget, if this deduction is in violation of the law relating to the powers of school committees to set budgets.

The proposed amendments to the existing law gives, in the case of towns, the town meeting power to establish by-laws setting school department employees into a wage and classification plan, except those directly related to teaching and educational administration.

Another amendment further defines the meaning of school department appropriations, extending these to cover interest and principal payments for any debt incurred for schools. The budget at this time does not include interest or retirement of the debt.

Still another amendment would generally separate curriculum into the category of subjects required by the state and those not required.

The town would have to pay the sum decided upon by the school committee as a reasonable cost of the service involved in teaching the required subjects. Others could be taught, within the framework of the appropriation granted at town meeting. Passage of this amendment would give the town meeting authority to decide what additional subjects may be taught, and at what cost.

The amendments include a provision for going to court if the town does not appropriate the money required to support the schools, in relation to the "required" instruction. And the 25 percent penalty, although still assessable, would be held over for use the following year for the general school appropriation.

Under the statute, items such as building maintenance, travel, clerical salaries and capital outlay would be subject to the discretion of voters at town meeting.

At this time, all these items are part of the school budget and fall within the framework of the section which stipulates that determining the amounts is strictly up to the School Committee. Under the proposed amendment, the budget probably would be split into sections, showing the cost of providing the "required" courses in one portion, and other proposed costs in a second part.

CASHING IN ON THE PAYOFF

Most CO-OP shoppers have been busy as beavers for an hour or so lately, adding up their sales slips for 1959. This can be fun for those people who like to give their powers of addition an annual workout.

For those for whom long additions are no picnic, the CO-OP has the answer. If these customers will bring their sales slips to the CP-OP office over the store, they will find adding machines which will reduce accurate totalling to a few minutes.

But whether manual adding operations are fun or not, there is one sure element of fun for all CO-OP shoppers at this time of the year – the knowledge that every dollar spent at the CO-OP during 1959 will bring a CASH return in 1960.

Non CO-OP shoppers will also cash in next year if they have the foresight to shop CO-OP during 1960. By so doing, they will not only save on their total purchases, but also save as they shop.

1959 Green Slips are due this week

judgment on this situation, and other town manager charter restrictions contained in the document.

LaRosa expressed his opinion that if the manager has control of salaries, the Personnel Board - existing now in an advisory capacity – has no power in this field and should not be the guiding influence. He said no one from the Association had been asked to attend any meetings of the Personnel Board when it considered the salary question. It is known that a recommendation has been made by this Board to the manager for an amount considerably less than the six percent.

The legal ruling questioned by the Association came last week. Atty. Fredric S. O'Brien said the manager, not town meeting, has exclusive power to set salaries for all those whose jobs come under his appointive power. The manager would have to act within the framework of the total appropriation, he stated, but town meeting could not legally act on the six percent increase itself, as a special article.

EDITORIAL THOUGHTS

Traffic Control Is Necessary

The serious proposal by the Raytheon Company that a Bailey Bridge be installed over the Shawsheen river, at Kenilworth st., warrants close study by town officials.

The Company has pointed out that installation of the bridge is actually suggested as a means of solving part of the town's traffic problem, and is not actually needed by Raytheon. However, the firm is willing to pay the bills – providing the town grants easements on town-owned land on the Kenilworth st. side of the stream.

Immediate objections to the idea have been heard from at least one resident of that street, who believes traffic will increase on it, that a bottleneck will develop, and that the character of the neighborhood will be changed by reason of the increased usage.

We appreciate the fact that objections to any proposal, which affects a specific area, will be heard. But if this bridge suggestion can actually make the vexing traffic condition better, then it may be necessary for the town to move in that direction.

We hope this gets plenty of thoughtful study by responsible officials, and that a decision can be forthcoming soon.

Only by prompt action can the proper articles be placed in a special warrant, for action during the regular town meeting March 12.

Down the Years with The Townsman

50 Years Ago – January, 1910

Shirley Barnard, son of Mr. and Mrs. H. W. Barnard, is recovering from an unusually severe case of the mumps.

Among those present at a dinner for Amherst Alumni given Monday evening in the Hotel Somerset in Boston were Prof. George T. Eaton, Granville K. Cutler and Arthur T. Boutwell.

Among Andover people who attended the annual mid-winter dance of the Merrimack Valley Country Club were Mr. and Mrs. William Higgins, Mr. and Mrs. H. W. Barnard, Mr. and Mrs. Walter M. Lamont and Mr. and Mrs. E. W. Pitman.

Mrs. J. Warren Mooar was elected president of the Ladies' Club of the Grange Wednesday evening.

Word has been received from William Shaw that he has arrived in San Francisco, Cal., and will arrive home in the Vale March 3.

Miss Margaret Curran, Maurice Curran and John Joyce left last Thursday for California, from where they will go to Honolulu, spending some time journeying through the country.

25 Years Ago – January, 1935

An 11-year-old boy was instantly killed in Shawsheen this week, when the sled he was steering crashed into a truck. His sister and a friend were also riding on the sled and were hospitalized.

Sub-zero weather has been the rule instead of the exception this week, with readings of 35-below recorded at Playdon's greenhouse on Lowell st. Monday was universally cold, with 20-below recorded in Ballardvale. Wednesday, the thermometer really tried to set a record, with below-zero readings all day and nighttime readings of 30-40 below zero in several sections of town.

A car and garage burned up on River st., Ballardvale, Tuesday night, but no one knew it until Wednesday morning.

An extra guard has been established at the schools, after two apparent attempts to cause damage to the buildings. An attempt to set fire to the John Dove School was found, when a custodian discovered burned papers and a charred shelf in a closet. The door had been locked by whomever set the fire, thus fortunately shutting off the supply of oxygen. Later, it was found that the water had been almost completely drained off from the three boilers in the main heating plant at the Jackson School.

An increase of over $1 is predicted on the tax rate, as a result of some $20,000 expended to date in fighting snow storms.

A fire on Baker's Lane did about $1,000 damage Thursday morning, starting in the cellar and working its way into the attic. Fire officials said it may have started when the owner was thawing out water pipes in the cellar.

10 Years Ago – January, 1950

The Rev. Roy E. Nelson Jr. will preach his first sermon at the Andover Baptist Church next Sunday, after accepting a call to the local Church. He has been pastor of the Baptist Church in Marblehead for seven years.

About 70 Andover sailing enthusiasts will take part in the "frostbite regatta" at Marblehead Sunday.

Over 100 new members have been added to the Catholic Men's Club, following a vigorous membership drive. President of the Club is Robert A. Walsh.

Trial Justice Richard K. Gordon has promised to stop speeding in the town. Commenting on the violations during a session of court Wednesday, Atty. Gordon said he will levy the maximum fines for the offense. He commended the police for enforcing the regulations on speeding, and pledged his cooperation in making the town safe from those who try to save a few seconds by using excess speed. Ten defendants faced the court Wednesday.

The fire loss in 1949 was less than the year before, according to a report from Fire Chief C. Edward Buchan. He revealed losses of $15,942 compared to $21,701 in 1948.

The League of Women Voters toured the central schools Tuesday as part of a program to see what school conditions are, prior to voting on school issues at town meeting.

Old King Winter really has taken over the last few days, with the worst traffic conditions of the year prevailing. There have been no serious accidents, however.

GILES IN RACE FOR NOMINATION

(Continued from Page One)

ing, and higher spending creates an oppressive burden on all Massachusetts taxpayers and is the chief obstacle to industrial expansion in this State".

"Because we must encourage industry to expand here in order to provide jobs for all Massachusetts workers, it is imperative for us to embark upon a program of economy and a gigantic effort to attract industry", Giles pointed out. "The Republican members of the Legislature have been laying a firm groundwork for such a program. Our budget studies and our job opportunity surveys have pointed the way toward a positive plan of action for the next Governor to adopt."

Giles is now serving his fourth year as GOP leader in the House, where he has been a member for 14 years. Prior to his election to the leadership by his Republican House colleagues, he held the position of Republican Whip for four years under the Herter Administration and was responsible for securing the votes for the Herter legislative program. He also served two years on the important committee on Ways and Means.

Giles is one of the three representatives from this district.

Giles maintains that his experience in the Legislature, working to develop "a positive and aggressive Republican program", places him in the logical position to take this program to the people as the Republican candidate for governor in the 1960 election.

"I am sure the taxpayers can no longer afford the luxury of a spending spree that jumps from 400 million dollars two years ago to 450 million last year, and then to 500 million this year," he charged. "The present administration measures progress in terms of dollars spent. As governor, I shall measure progress in terms of saving money for those who pay the taxes and in terms of the number of jobs that we can make available in industry for our working people."

He referred to his own background as a working man and business executive to emphasize his understanding of the problems facing people in business and industry today. For nine years, he was employed in the Arlington Mills, where he was an active member of the Textile Union's Local, and is now serving as Vice-President of Stuart Engineering Services, Inc. He has formerly been associated in business with Consolidated Management, Inc., Northeastern Theatre Corp., and the New England Concession Co.

Born in Methuen 44 years ago, Giles has been a lifelong resident of the town and a town meeting member since he was old enough to vote. A graduate of Methuen High School, where he was a track star, he continued his education at McIntosh Business College. He was also a member of the Methuen police force for several years.

Prominent in Republican circles, he is a member of the Methuen Republican Town Committee, Republican State Committee, and was district delegate to the Republican National Convention in 1952-56.

Long active in the affairs of the Greater Lawrence community, he has served as chairman of the Community Chest, Red Cross, and Infantile Paralysis drives, and has served 16 years as moderator of the Forest St. Union Church in Methuen.

He is affiliated with many civic and fraternal organizations, including the Masons, Lion's Club, Boston Club, and the Methuen Board of Trade. Prior to entering the Legislature, he served as chairman for five of the six years he was a member of the local school committee.

SUSIE'S SONNETS

by Sylvia Neilson

ANNO DOMINI, 1960

Again you rise, Mephistopholes,
Enflaming soulless thugs like these
Who, splashing swaztikas, deface
The temples of the very race
Whence came to man a Revered Name
These bullies have the gall to claim.

Brook Bonding Up To Voters

The entire Rogers Brook appropriation – some $195,000 – will be acted on again at the town meeting in March, even though the voters thought they disposed of the question over three years ago.

An error in the method of appropriating the funds, discovered by the bonding counsel in Boston, has resulted in placing an article in the warrant for the entire amount.

Town Manager Thomas E. Duff explained that the funds were voted in 1956 at a special town meeting – but the appropriation was to take place in 1957 and be applied to that year's taxes.

This procedure has been frowned on by the legal people, he told the Board of Selectmen.

Thus the original $175,000 will be placed before town meeting again, plus $20,000 for easements and damages along the course of the reconstruction.

The state has formally, and in writing, agreed to spend a total of $295,000 on this project, providing the town vote is affirmative in March. Originally, the town thought it was appropriating matching funds – but the plans drawn by the state have been estimated to call for a project costing the larger sum. The state will pay the difference, however, if the town agrees to the appropriation for easements and damages

Special Program By Youth Council

A special program, marking the conclusion of Youth Week, will be presented by the Andover Youth Council next Sunday evening at 7 o'clock, at Christ Church. The speaker will be Donald F. Megnin, whose subject will be "The Rising Challenge of the Soviet Union".

Mr. Megnin was one of 40 students who went to the Soviet Union in the summer of 1958 on the first student exchange program to be initiated since 1936.

Travel Talk At The Library

Mrs. Cyrus Springall is to be the guest speaker at the Travel Talk, to be held at the Memorial Hall Library Friday evening, Feb. 5, at 8 o'clock. On a recent trip to India, Mr. and Mrs. Springall took a number of color slides which show the "God-made and man-made" beauties of the vast country; from these she will show pictures of the people, of their art, their school system, etc. This is the first travel talk of the season, and should be welcomed by those who have been waiting for such an announcement. As in the past, the talk will begin promptly at 8 and run for an hour. Mrs. Springall has agreed to open the meeting for questions by the viewers at 9 o'clock, if any person would care for further information.

The public is most cordially invited to these informal and popular travel talks. They have been one of the most appealing of the library programs.

Story Hour

All boys and girls are invited to the story hour to be held at the Memorial Hall Library Tuesday afternoon, Feb. 2, at 3:35 o'clock. Mothers should plan to pick up the children by 4:30.

Great Books

Members of the Great Books Discussion Group will meet at the library Tuesday evening, Feb. 2 at 7:45 o'clock. The reading for this meeting is to be Racine's "Phaedra" and "Andromaca." Newcomers are welcome at any time.

Discussion Group To Form

Plans are being made to form a discussion group at the Memorial Hall Library which will be another in a country-wide series, "Great Decisions. . .1960." This year participants in the program will have critical foreign policy issues as their theme. The opening meeting of the series will be held at the library Thursday evening, Feb. 11, at 8 o'clock. Any person interested may attend; it is suggested that prospective members pick up the fact sheet kits at the library in advance, so that all will have some basic information on the issues in common. The kits, which have a small charge, may be shared by couples who take part in the group.

Last year similar groups formed throughout the country; over 200,000 citizens and high school students in over 500 cities and towns participated. The same procedure will be followed by the 1960 groups: there will be factual material for reading before the meeting; opportunity to discuss with other interested people the various aspects of foreign policy, an evaluating period to assemble conclusions reached by the members; recommendations are to be sent to leading policy-makers in Washington.

"Great Decisions- - -1960" will be discussed for a period of eight weeks, one evening a week. For full information, call the Memorial Hall Library.

Pike School Seeks Books

Eight-hundred volumes have been added to the Pike School library through a collection made by the students from books of their own which they have outgrown or no longer care to read. Although the "drive" has concluded, books are still being received and it is expected that the total will top 1,000 volumes.

The present office and reception room at Pike is being re-designed to house the upper school library, while the lower school will have its own library in an ante-room in the new wing; reference libraries already in the home rooms, covering English, History and Science, will be expanded. The Library Committee hopes to secure a total of 7,000 volumes and expects that the project will be completed by the end of the current school year.

To further aid the library expansion, the school is sponsoring the film, "Richard III", at the Andover Playhouse, Feb. 12 at 8:15 p.m. and Feb. 13 at 9 a.m. The proceeds from these performances will be used to purchase additional books for the school library.

Twelve-hundred tickets for the presentation of the film, starring Lawrence Olivier, will go on sale today.

This is the first showing in this area of the vistavision, technicolor dramatic triumph, directed and produced by Lawrence Olivier. Supporting his masterful portrayal in the title role are John Gielgud, Ralph Richardson, Cedric Hardwicke and Claire Bloom. "Richard III" offers an unusual opportunity for students and community alike to see one of Shakespeare's greatest works enacted by one of the most formidable theatrical geniuses of the 20th century. Like Olivier's "Henry V" and "Hamlet", this is a lavish production, with intriguing characterizations; the story is superbly done, as is the color and pomp of presentation. The film has received the highest critical acclaim.

Tickets may be purchased at the Pike School, Andover Book Store, Andover Inn, Phillips Academy Information Desk, the Hay Scales Exchange, North Andover, and from students of the Pike School. The proceeds from the two performances will go to the Pike School Library Fund.

An argument raised against auto seat belts is that it's hard for a person to get out of a wrecked car if he's wearing a seat belt. The argument says this could be fatal if the car caught fire or was submerged in water. The National Safety Council says an approved belt can be unfastened in a split-second—and adds that only one-half of 1 per cent of accidents on record involved cars which caught fire or were submerged.

HEARING PLANNED ON BRIDGE SITE

(Continued from Page One)

the Kenilworth st. side. He said the firm may not, by Army direction, become involved in using privately-owned land for this purpose.

And he also told the Selectmen that another, and better, location has been impossible to obtain because of plans for Route 114. This is the Fletcher st. coal yard area — but he said the state is planning to take the area for highway construction anyway.

Opposition to the plan came from Harold Haller, a resident of Kenilworth st.

He said he believes traffic conditions would worsen on that street if cars use it directly from the Raytheon parking area. He also believes that a serious traffic jam would result at Union st. if two-way flow of vehicles is maintained and if cars have the right to turn in either direction from that intersection.

Haller also said he believes the location of the bridge at the foot of that street would tend to lower values and to alter the character of the neighborhood as it now is.

Hearing Promised

The Selectmen promised to hold a hearing on the subject, so that other residents of the area can speak their minds.

It was pointed out by Town Manager Thomas E. Duff that a decision on putting an article in the warrant must be made soon.

A special warrant, set for action at a specific time within the regular meeting, could be set up. Duff said there is an early February deadline for this procedure however.

Agrees To Wait

Mr. Chase said he will inform the Army to hold off its approval pending the Selectmen's action and those of town meeting if the subject gets that far. He believes that firm approval could be given very quickly after the town makes a decision.

Mr. and Mrs. Paul Daniels and their daughter, Peggy, have returned to their home on Cedar rd., after a visit to Duke University, Durham, N. C.

Sp-4 Frederick Buckley has received an honorable discharge from the United States Army and has just returned from Augsburg, Germany, where he has spent the past 20 months on a tour of duty.

A belated Christmas reunion of the family was held at the home of his parents, Mr. and Mrs. Lionel Buckley of Chester st., Ballardvale, with the following attending: Mrs. Arthur Marian and son, Phillip, of Holden, John Giniaski and Mr. and Mrs. Matthew Karitowicz of Lowell, Mrs. David Walsh of Burlington, Gavin McGhie of Boston, Mrs. Peter Quinn and daughter, Linda, Albert Buckley, Frederick Buckley and Mr. and Mrs. Buckley.

TOWN MEETING CAN ACT ON MINIMUM WAGES

The town meeting article asking for a minimum-maximum wage for police officers can legally be acted upon at town meeting.

Atty. Fredric S. O'Brien said the legislation setting up the wage law specifically states that it can be acted on regardless of any other law or local by-law. This puts it in a different category than the six percent wage boost article, which O'Brien says can not be legally acted upon at the session because this subject is among the town manager's responsibilities.

The minimum-maximum wage, which can be adopted by accepting the state law, is $4,880 in the first year, $5,030 the second year and $5,500 the third year and afterwards. It applies only to police officers.

United Church Women To Meet

The annual meeting of the United Church Women of Andover will be held at the Baptist Church Friday, Jan. 29 at 2 p.m. The speaker will be Miss Edith Bradley of Milton, who is the chairman of Christian Social Relations in the State of Massachusetts for the United Church Women.

Mrs. Myron Clark of the South Congregational Church will lead the devotions and the installation of officers for the coming year will be held. All women of the community are cordially invited to attend.

DR. BALDWIN WILL CONDUCT SERVICE

The Rev. Dr. A. Graham Baldwin, chaplain of Phillips Academy in Andover, will conduct the chapel service at Wellesley College in Wellesley, Sunday, Jan. 31.

An instructor in religion and social problems at Phillips Academy, as well as chaplain of the boys' preparatory school, Dr. Baldwin is chairman of the National Council for Religion in Independent Schools. He is a graduate of Williams College and of the Yale University Divinity School.
